We are the prominent manufacturer & exporter of PVC inflatable products and PVC toys. We design special PVC products which are widely used in advertising purposes to promote the sale of any product.

About Us

R S Plastic is one of the most prestigious **manufacturer & exporter** of a wide array of **PVC Inflatable Blowing Advertising Products**. The products which we offer are mainly used for advertising purposes and promoting the sale of the product or brand. Our product range comprises Inflatable Toys, PVC Balloons, PVC Inflatable Danglers, Advertising Balloons, Cheer Sticks, PVC Inflatable Promotional Items and other inflatable products. These are widely utilized to display and promote various cosmetics, spectacles, computers, whiskey, sunglasses and others. Using premium quality PVC coated plastic we manufacture and develop our product range which makes them flexible, durable and non-toxic. The plastic which we use are completely safe for the kids to play with. We have gained expertise in offering more than **100's of balloon designs**. Apart from this, we offer complete manufacturing and distribution service to our end users along with the agencies. Each & every product is tested under certain parameters to ensure the world class quality. We also deal with customizing the products as per the recommendations of our clients. Under the able guidance of our mentor **Mr. Nilesh Shirkar** we have been able to hold a distinct position in the market. With his vast industrial experience and strong business knowledge we have created a benchmark in the industry.
